PROFESSIONAL EXPERIENCE

Action PNCO - Case Monitoring, Records, and Administrative Support

January 2019-Present

Philippine National Police (PNP)

- Maintain and update a structured monitoring database covering 2,124 case records as of July 2026, including cases filed since 2017, and track case progress, reporting requirements, status changes, and final dispositions such as conviction, conviction through plea bargaining, dismissal, and acquittal.
- Coordinate and consolidate at least three recurring monthly report types from 18 lower units while responding to additional and changing data requests from higher headquarters.
- Validate, analyze, and transform case and compliance information into formal reports, tables, charts, statistics, narrative analysis, and management presentations.
- Maintain accountability records involving seized evidence, including documentation on custody, disposition, and confirmed destruction.
- Support the evaluation of dismissed drug cases by identifying recurring legal, procedural, documentary, and evidentiary issues for management consideration and operational improvement.
- Prepare and coordinate reports, memoranda, research, compliance submissions, records-management requirements, and inter-office communications.
- Designed and deployed a Google Workspace email and document-management automation using Google Apps Script, Gmail, Google Drive, and Google Sheets. The live workflow runs every 10 minutes, processes incoming emails, classifies and saves attachments, creates structured folders, prevents duplicate processing, and maintains a centralized communication tracker.
- Completed the historical processing of emails and attachments from January 2024 through June 2026 between July 21 and July 27, 2026. One documented batch scanned 50 threads, recorded 54 relevant messages, saved 56 files, and completed with zero errors.
- Contributed to three institutional publication projects as final editor, revision coordinator, source compiler, and formatting specialist: one completed and internally distributed, one pending publication, and one withdrawn with possible future revival.
- Handle sensitive case records, evidence information, official documents, and internal workflow data with confidentiality, accuracy, and accountability.

PROFESSIONAL EXPERIENCE CONTINUED

Congressional Office Staff

2018-2019

Office of a Member of the House of Representatives

- Provided administrative and operational support in a fast-paced legislative office, including document preparation, records handling, correspondence, communications, scheduling, and coordination.
- Assisted with constituent and stakeholder requests and coordinated transactions, follow-ups, and referrals with government offices and concerned parties.
- Handled varied public-service responsibilities with discretion, adaptability, responsiveness, and attention to professional communication.

SELECTED PROFESSIONAL ACCOMPLISHMENTS

- Maintains a continuously updated monitoring database covering 2,124 case records as of July 2026.
- Coordinates at least three recurring monthly report types from 18 lower units and prepares consolidated management information.
- Completed historical email and attachment processing covering January 2024 through June 2026 and operates a 10-minute live Gmail intake workflow.
- Designed and published two responsive GitHub Pages projects: a professional portfolio and the Cerberus Construction concept website.
- Contributed to three institutional publication projects: one completed for limited internal circulation, one pending publication, and one withdrawn with possible future revival.

AUTOMATION AND DIGITAL PROJECTS

Google Workspace Email and Document-Management Automation | Deployed workflow

Designed and deployed a Google Apps Script solution that processes incoming and historical Gmail messages, classifies and saves attachments, creates structured Google Drive folders, and records communication details in a centralized Google Sheets register.

- Runs live incoming-email processing every 10 minutes and uses message IDs and screening records to avoid duplicate entries.
- Completed historical backfill from January 2024 through June 2026 between July 21 and July 27, 2026.
- Organizes saved files using a Year - Month - Section - Category structure and sorts the communication register chronologically.
- One documented batch scanned 50 threads, recorded 54 relevant messages, saved 56 files, and completed with zero errors.

Data Reporting and Management Presentations | Decision-support outputs

Develops reports and presentations by consolidating records, validating information, identifying patterns, and presenting findings through tables, charts, statistics, and concise narrative analysis.

- Uses Microsoft Excel, Power Query, PivotTables, charts, and Microsoft PowerPoint for reporting and management briefings.
- Supports recurring monitoring requirements, special data requests, compliance reporting, and case-review analysis.
- Prioritizes traceable source records, careful validation, and clear presentation of limitations or changing figures.

Responsive Web Projects | GitHub Pages portfolio demonstrations

Designed and deployed a professional portfolio and a clearly labeled construction-company concept website. [View professional portfolio](#) | [View Cerberus concept website](#)

- Built with semantic HTML5, responsive CSS3, JavaScript, accessible navigation, mobile layouts, and GitHub Pages deployment.
- The professional portfolio includes project showcases, downloadable application documents, light and dark modes, and a cross-device contact form.

PUBLICATION AND MANUAL DEVELOPMENT

Compilation of Laws and Issuances Related to Drug Enforcement | Completed - limited internal circulation

Served as final editor, source compiler, revision coordinator, and formatting contributor for an institutional reference containing relevant laws, policies, rules, and issuances. The completed publication was distributed only to key personnel.

Revised Manual on Anti-Illegal Drugs Operations and Investigation | Withdrawn - possible future revival

Contributed as final editor and formatting specialist during consultations, revision coordination, content consolidation, and review of complex legal and operational safeguards. The project was withdrawn during development but may be revived in the future.

PNP Drug Enforcement Group Administrative and Operations Manual | Pending publication

Serves as final editor, content-organization contributor, and formatter for an internal reference describing administrative responsibilities, operational functions, processes, and work procedures. The publication is intended exclusively for PNP Drug Enforcement Group use.
