

JOSELITO R. ALCALDE

Data, Reporting and Workflow Automation Specialist

Remote Operations and Administrative Support

Santa Cruz, Laguna, Philippines | Open to remote and relevant opportunities | joselitoalcalde@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Data, reporting, and workflow automation professional with government-service experience since January 2019 in records monitoring, information validation, report consolidation, administrative documentation, compliance support, and operational coordination. Skilled in Microsoft Excel, Power Query, Google Sheets, Gmail, Google Drive, and Google Apps Script, with experience developing practical systems that organize records, improve reporting, and reduce repetitive administrative work. Additional capabilities include professional documentation, research, management presentations, responsive website support, and digital-content development.

CORE COMPETENCIES

Data Analysis and Reporting: Microsoft Excel, Power Query, data validation, record matching, report consolidation, PivotTables, charts, statistics, dashboards, and management presentations

Workflow Automation: Google Apps Script, Google Sheets, Gmail and Google Drive workflows, automated attachment processing, document organization, communication tracking, and recurring administrative processes

Records and Operations Support: Records monitoring, document classification, compliance tracking, case or project monitoring, deadline coordination, file organization, research, and inter-office support

Professional Documentation: Reports, memoranda, correspondence, summaries, presentation materials, institutional publications, formatting, editing, and revision coordination

Additional Digital Support: HTML, CSS, JavaScript, GitHub Pages, Wix, WordPress, Photoshop, Figma, and Canva

PROFESSIONAL EXPERIENCE

Action PNCO - Case Monitoring, Records, and Administrative Support

January 2019-Present

Philippine National Police (PNP)

- Maintain and update a structured monitoring database covering 2,124 case records as of July 2026, including cases filed since 2017, and track case progress, reporting requirements, status changes, and final dispositions such as conviction, conviction through plea bargaining, dismissal, and acquittal.
- Coordinate and consolidate at least three recurring monthly report types from 18 lower units while responding to additional and changing data requests from higher headquarters.
- Validate, analyze, and transform case and compliance information into formal reports, tables, charts, statistics, and management presentations.
- Maintain accountability records involving seized evidence, including documentation on custody, disposition, and confirmed destruction.
- Support the evaluation of dismissed drug cases by identifying recurring legal, procedural, documentary, and evidentiary issues for management consideration and operational improvement.
- Prepare and coordinate reports, memoranda, research, compliance submissions, records-management requirements, and inter-office communications.
- Designed and deployed a Google Workspace email and document-management automation using Google Apps Script, Gmail, Google Drive, and Google Sheets. The system runs every 10 minutes, processes incoming emails, classifies and saves attachments, creates structured folders, prevents duplicate processing, and maintains a centralized communication tracker.
- Completed the historical processing of emails and attachments from January 2024 through June 2026 between July 21 and July 27, 2026. One documented batch scanned 50 threads, recorded 54 relevant messages, saved 56 files, and completed with zero errors.
- Contributed to three institutional publication projects as final editor, revision coordinator, source compiler, and formatting specialist: one completed and internally distributed, one pending publication, and one withdrawn with possible future revival.

Congressional Office Staff

2018-2019

Office of a Member of the House of Representatives

- Provided administrative and operational support in a fast-paced legislative office, including document preparation, records handling, correspondence, communications, and coordination.
- Assisted with constituent and stakeholder requests and coordinated transactions and follow-ups with government offices and concerned parties.

SELECTED PROJECTS

- Google Workspace Email and Document-Management Automation: Built a 10-minute Gmail intake and historical backfill system using Google Apps Script, Drive, and Sheets. One documented batch scanned 50 threads, recorded 54 relevant messages, saved 56 files, and completed with zero errors.
- Cerberus Construction Concept Website: Designed and published a responsive portfolio demonstration using HTML, CSS, JavaScript, and GitHub Pages, with mobile navigation, theme-aware styling, project presentation, and a clearly labeled demo contact experience.
- Professional Portfolio Website: Designed and deployed a responsive portfolio featuring project showcases, downloadable application documents, accessible navigation, light and dark modes, and a cross-device contact form.
- Data Reporting and Management Presentations: Produced decision-support presentations by consolidating records into tables, charts, statistics, and narrative analysis.

EDUCATION, ELIGIBILITY, AND TRAINING

Bachelor of Science in Criminology

2013-2017

Laguna State Polytechnic University | Vice President, Student Council

- Passed the Criminologist Licensure Examination on the first attempt (December 2017; results released January 2018).
- Passed the PNP Entrance Examination administered by the National Police Commission on the first attempt (October 2017).
- Training: Criminal Investigation Course (2023); Drug Enforcement Course (2021); Mandatory Public Safety Basic Recruit Course (2019).
